

EDUCATION ADVISORY COMMITTEE ARIZONA STATE BOARD OF NURSING

MEETINGS:

The committee meets every 5-8 weeks at **9:30 am** at the AZBN Board Room. Meetings are open to the public.

February 19th, 2016; April 15th, 2016

June 3rd, 2016; August 5th, 2016

October 2016 (TBD); December 2016 (TBD)

PURPOSE:

Purpose: The purpose of the Education Committee is to make recommendations to the Board on matters related to nursing education.

Goal 1: Nursing programs in Arizona meet regulatory requirements of the Board and are sufficient to prepare graduates for safe nursing practice.

Activities:

- Review and make legally sound and evidence based recommendations on nursing program applications (RN, LPN, and APRN) and site surveys for proposal, provisional, full, and renewed approval
- Review and make recommendations on applications from out-of-state nursing programs planning to conduct clinical learning in AZ
- Review and make recommendations on applications for program change
- Review and make recommendations on refresher program applications for initial and renewed approval
- Develop strategies to improve nursing education within the context of faculty shortages and limited clinical sites
- Explore new and innovative processes/strategies for assessing and assuring the quality of nursing education in Arizona.

Goal 2: Nursing programs in AZ maintain a first time NCLEX pass rate of 90% or higher and an on-time graduation rate of 60% or higher.

Activities:

- Monitor quarterly reports and pass rates
- Monitor annual on-time graduation rates
- Recommend strategies for nursing programs with a pattern of lowered NCLEX pass rates or on- time graduation rates, as needed
- Develop action strategies to address lowered pass rates and/or on-time graduation rates statewide, as needed
- Review and provide feedback on proposed changes to the NCLEX® test plan as requested by NCSBN

Goal 3: Changes in rules, statutes, and advisory opinions of the Board related to nursing education are based on available evidence, best practices, and expert opinion.

Activities:

- Review and suggest revisions to proposed rules affecting nursing education and practice
- Review and respond to proposed statutory changes affecting nursing education
- Review and revise advisory opinions related to nursing education, as necessary

Goal 4: Clinical experiences in practice settings and evidence-based use of simulation provide sufficient opportunities for nursing students to develop clinical competence at a novice level.

- Support efforts to encourage collaboration between education and health care institutions to enhance and improve the preparation of nursing graduates.
- Review existing literature, gather evidence and disseminate information regarding best practices

	<ul style="list-style-type: none"> in clinical placements, simulation and preceptorships. Evaluate and recommend effective innovative options and alternatives to traditional methods of clinical instruction. Support implementation of evidence-based evaluation of clinical competency for all nursing students. <p>Goal 5: Recommend curriculum strategies based on evidence that promote safe patient care and optimal student outcomes:</p> <ul style="list-style-type: none"> Review curriculum standards of accrediting agencies and national trends. Examine evidence from a variety of sources regarding curricular change. Issue at least one official publication to guide programs in evidence-based curricular design consistent with the Board's public protection mission. <p>GOAL 6: Support the Arizona Action Coalition work related to education, specifically:</p> <p>Recommendation 4: Increase the proportion of nurses with a baccalaureate degree to 80% by 2020.</p> <p>Recommendation 5: Double the number of nurses with a doctorate by 2020.</p> <p>Recommendation 6: Ensure that nurses engage in lifelong learning.</p> <ul style="list-style-type: none"> Review proposals to support Arizona nurses' access to baccalaureate education. Propose innovative models and solutions to RN to BSN program completion rates. Review applications for implementation and expansion of DNP programs in the state. Review practices implemented elsewhere that have increased the number of doctorally prepared nurses. Support continuing education offerings provided by the Faculty Development Collaborative. Encourage access to continuing education courses by public and private colleges and universities. <p>Goal 7: Education Committee processes and outcomes are sufficient to meet or exceed the goals of the committee.</p> <p>Activities:</p> <ul style="list-style-type: none"> Discuss and evaluate the effectiveness of current policies, practices, and goals of the Education Committee Implement strategies to enhance the effectiveness of the Education Committee
